REPORT OF TRUSTEES OF TRUST FUNDS FOR 1962

At the annual Town Meeting held in March, 1962, Article 16 of the Town Warrant was approved authorizing the town to pay to the Trustees of Trust Funds, the Thomas Elkins Fund and the Ward Clark Parsonage Fund for investment and distribution within their discretion, subject to existing terms of funds established. These payments were made Sept. 27, 1962.

As there was quite some doubt as to who should participate in the distribution of the income of the Parsonage Fund the Trustees asked the Town Lawyer, Mr. George R. Scammon to investigate the history of this fund and to advise us what to do. On September 28, 1962 we received the following letter:

Trustees of Trust Funds
% Mr. Rodney M. Wilson
Main Street, Kingston, N. H.

Re: Ward Clark Will Fund

Dear Mr. Wilson

Some time ago I examined the State papers which contain the copy of the will above mentioned, the pertinent paragraph of which reads as follows: "From the concern I have for the Peace and Welfare of my Beloved People at Kingston aforesaid, I give and bequeath to them and for a perpetual parsonage to be improved for the use of the ministry there, my dwelling house and home place where my house stands, only on these conditions, That they defray my funeral charges."

It is my understanding that Ward Clark was Kingston's second minister and founded the Congregational Church in 1725 so that the denomination of which he was pastor would be predominant in his mind. He uses the words "My Beloved People at Kingston" and naturally it must be interpreted that his Beloved People are the members of his Congregational parish and therefore his

intention was for the use of the ministry of the Congregational parish. It is my further understanding that the dwelling house was sold and is now an invested fund of the Town of Kingston.

It may be said that the sale of the parsonage would result in a reverter of the fund to the heirs of Ward Clark but under the cy pres doctrine, his being a charitable purpose, the money would be used for this charitable purpose and the income devoted to carry out the intention in the will.

There is some suggestion that there was a decision in the early 1800's propounded by the New Hampshire Superior or Supreme Court ruling that the Town should divide the income from the parsonage fund according to the individual wishes of the voters but after careful and thorough search of the records of Rockingham County Superior Court I found no such decision or ruling and therefore must treat this subject as if no ruling had been made at all.

It is my opinion that the intention of Ward Clark was to benefit the ministry of his particular congregation and denomination and therefore that the income from the present fund should be devoted by the Trustees of the Trust Funds of the Town of Kingston to the improvement of the present parsonage for the use of the ministry there and in the event that there is no such parsonage, the income should be paid to the Congregational Church to be expended "for the use of the ministry" in the church. My opinion is based upon the language of the will wherein Ward Clark states that this is done "from the concern I have for the Peace and Welfare of My Beloved People at Kingston" aforesaid.

Yours very truly,

GEORGE R. SCAMMON

The Trustees are therefore turning the income from this fund over to the First Congregational Church of Kingston, N. H. for the improvement and maintenance of their parsonage.

We have received eight other trust funds for care of cemetery plots as follows: E. K. deRochemont \$100.00; Bertha M. Brown \$200.00; F. W. Hollenback \$100.00; W. W. and D. W. Garland \$150.00; A. R. Judkins \$300.00 Rivard and Merrill \$200.00; C. A. Hubbs \$100.00; and Stella Cheney \$100.00. Total of \$1,250.00.

Furthermore Miss Lizzie Bartlett of South Kingston has willed us \$1,000 to take care of the Bartlett plots and has also left in trust part of the income of the estate, to take care of the entire Mill Stream Cemetery permanently. Kingston has lost a good friend in her passing.

We have sold eight cemetery plots, totalling \$177.50.

There is another matter the citizens of Kingston can be of help to us. We ask that you all check the cemeteries for veterans graves to see if they are properly marked or if unmarked. If you find any errors or omissions, please contact the chairman.

FRANK W. FOSTER,

LIBRARIAN'S REPORT

Nichols Memorial Library is most fortunate to have been selected by the Board of the Shieling Trust to share with the libraries of Brentwood, Kensington, Newton and South Hampton in the current Shieling Group. The amount of this grant is \$675.00 and the books to be purchased with these funds to be of the type that the individual library would otherwise be unable to afford.

This library has joined the N. H. State Library Book Buying Cooperative, whereby each participating library meets together regularly for the purpose of examining current books with the assistance of a professionally-trained expert in book selection for libraries and to buy more economically.

A total of 1643 books were borrowed from the Bookmobile this year, to supplement our collection. Fifty-eight special books were borrowed from the State Library.

The following books have been purchased with the income from the Grange Trust Fund: Thaxter-Celia Thaxter; Governor Plumer of N. H.-Turner; General Sullivan: A General of the Revolution-Whittemore.

The money from fines has been used to build up the collection of High School and Elementary Supplementary Reading material.

We are providing reading and reference material for students in five neighboring towns.

The trustees added three new bookcases during the year.

In May two English classes from Sanborn Seminary came for instruction in the use of the library card catalog.

National Library Week was observed by a Science exhibit and a special collection of books relating to the exhibits.

There was an exhibit by the 4-H girls at the library in March.

Regional and State meetings were attended by your librarian and trustees.

The library grounds have been cleared and re-graded, greatly improving the appearance of the side and back of the lot with an attractive lawn. Future plans call for landscaping which the trustees hope to accomplish in the next couple of years.

Again we wish to express appreciation to the Kingston Garden Club for replenishing the flower urns and for the wreath which was presented for the Christmas holiday season.

Several gifts of books have been presented and we are grateful to the following donors:

As in the past, the Auxiliary force has been very helpful and cooperative during the year, working at the State Park, helping out on road checks, church duty and at the carnival and whenever else needed, more than glad to cooperate.

At this time I wish to thank members of the Fire Department and Rescue Squad for their cooperation at accidents and fires.

ANNUAL REPORT OF FIRE DEPARTMENT

The Kingston Fire Department responded to a total of 91 calls during 1962. Out of town 6, in town 22 and 63 for the Emergency vehicle.

A new Emergency vehicle was bought and put into service in June. Since acquiring the new equipment it has already been called for 35 times. This vehicle is equipped with a resuscitator, a new stretcher donated by Brewitts of Exeter, a first aid kit given by the Ladies Auxiliary and a pair of crutches which were also donated.

When the Emergency Vehicle is needed we would appreciate it if you would call the Fire Department number MI2-5512 rather than call individual people. In that way services will not be delayed.

According to the N. H. Board of Fire Control all persons installing power burners shall first make application to the Chief of the Fire Department and obtain a permit. Upon receipt of an application for the installation of an oil burner, the Chief shall grant a temporary permit authorizing such installation. Upon completion of the installation, the temporary permit shall be cancelled, and provided that all rules contained in the regulation have been complied with, the Chief shall issue a permit for the storage of oil and the operation of the equipment.

We of the Fire Department wish to thank all those who have made donations or sent letters of appreciation.

REPORT OF PLANNING BOARD

The Kingston Planning Board for the year 1962-63 consists of the following members:

William Bartlett, Jr., Selectman	
George Harmon	Term Expires 1963
J. Edward Stevens	Term Expires 1964
Richard Reid	Term Expires 1965
Donald A. White	Term Expires 1966

At the first meeting in April the Board elected its' officers as follows:

George Harmon, Chairman
J. Edward Stevens, Treasurer
Donald A. White, Secretary

Regular meetings were held on the second Wednesday of each month plus five special meetings, which included three open meetings at the Town Hall to discuss proposed changes to the building ordinance.

During the year two subcommittees were formed: (1) Map Committee with Richard Reid as Chairman and (2) Ordinance Committee with William Bartlett, Jr. as Chairman.

The Map Committee conducted considerable research with officials of other towns and the state regarding the handling of a project to prepare a Real Estate Map of the town and some preliminary data has been collected.

The Ordinance Committee based upon public opinions expressed during the Open Meetings on Zoning, Building and Lot Regulations and Sub-division 5 has prepared proposed changes and additions to the existing Building Ordinance as contained in the Town Warrant.

REPORT OF THE BOARD OF ADJUSTMENT

During 1962 the Kingston Board of Adjustment has been mainly concerned with a permit involving Mr. Charles Doucette, 4 Arch Street, Haverhill, Mass. He wished to establish a trailer home on Lots 133-134 on 5th street, Great Pond Park, Kingston, N. H. The Board of Selectmen granted him this permit providing there was sufficient room for an adequate waste disposal system. Mr. Doucette proceeded to install a septic tank and dry well. The neighbors objected to this inasmuch as his lots were not large enough to provide for this system without pollution of their water systems. Whereupon Mr. Doucette filed with the Board of Adjustment for a variance in the ordinance. Upon investigation, the Board of Adjustment found that his lots were not large enough to comply with the requirements of the Board of Health and that the dry well installed by Mr. Doucette was partially in the right of way leading to the water front. The Board of Adjustment called Mr. Doucette and the abutters to a meeting in July and, as a result, informed Mr. Doucette that he could not have both a well and a sewerage system on his property. Upon advice of counsel, Mr. Doucette filed another appeal for a hearing inasmuch as he claimed financial loss and hardship in this transaction. The State Board of Health, the abutters, the Board of Adjustment, Town Counsel, Board of Selectmen and Mr. Doucette were present. The proceedings were recorded by a court stenographer. After investigation of this matter, Mr. Doucette's counsel did not appear at this hearing. As a result of this hearing, it was the decision of the Board of Adjustment to deny Mr. Doucette's appeal for a well and septic tank. This case is being continued by Mr. Doucette as he

has obtained the services of still another attorney. Therefore it is the recommendation of the Board of Adjustment that a sum of \$150.00 be appropriated to meet the needs of this Board.

REPORT OF THE SCHOOL CLERK FOR THE KINGSTON SCHOOL DISTRICT

At a meeting of the Inhabitants of the School District of the Town of Kingston, qualified to vote in district affairs held in said Kingston in the Daniel J. Bakie School on March 3, 1962, starting at 8 p.m., the following business was transacted:

The meeting was called to order by the School Clerk, Bettie C. Ouellette. Prayer was given by Rev. Robert C. Robb. Due to the resignation of the Moderator, nominations were opened for a Moderator, pro tempore. Leonard F. Sanborn was nominated and chosen as Moderator, pro tempore. He was given the oath of office by the School Clerk, Bettie C. Ouellette.

Articles 1-2-3-4 and 7 were voted on by Australian Ballot on March 13, 1962, at the Kingston Town Hall at the time of the regular election of town officials.

Article 5. A motion was made and passed that the Salaries of the School Board, Truant Officers and other officers and agents of the district be \$510.

Article 6. The report of the Educational Needs Committee was read by Dwight Killam, Jr. (The Moderator stated that the report would not be printed in next year's Town Report, but placed on file in the School District records. As there was no objection, the report was recorded only in the School records.) A motion was made and passed that the reports of Agents, Auditors, Committees and Officers chosen, be accepted as printed in the Town Report.

Article 8. A motion was made, but not passed (90 No, 76 Yes) that the district raise an appropriate a

sum not to exceed \$65,000 for the purpose of constructing an addition, and making necessary alterations in connection with this addition; and purchasing the necessary equipment for the Bakie School; and to authorize the school board to execute any and all contracts including the selection of an architect or agreements necessary, proper and advisable in connection with the construction and equipping of this addition to the Bakie School. And in order to provide such funds to authorize the school board to issue and sell notes or bonds for all or any part of the sum so appropriated in the name of and on the credit of the district under and in accordance with the provisions of the Municipal Finance Act and any amendments relating thereto; and to delegate the school board the authority to fix the time and place of payment of the principal amount of each note or bond and to sell the notes or bonds and to take such other action with respect thereto as may be necessary or advisable.

An amendment was made and passed to vote by the checklist.

A motion was made, but not passed (after the checklist voting), that Article 8 be reconsidered.

A motion was made, but declared "out of order" by the Moderator, that a new building committee be appointed from the floor.

Article 9. A motion was made and passed that the district raise and appropriate the sum of \$188,508 for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the Selectmen the balance between

the estimated revenue and the appropriation which balance is to be raised by taxes by the town.

An amendment was made, but not passed (as the Moderator ruled on it) that the budget be taken up item by item. The Moderator ruled that the total budget could be changed any number of times, but the budget should not be taken up item by item, per Town Counsel.

Article 10. A motion was made and passed that the meeting be adjourned until 10 a.m. on Tuesday, March 13, 1962, for Australian Balloting at the Kingston Town Hall. This meeting adjourned at 9:30 p.m.

On Tuesday, March 13, 1962, there were 451 votes cast by Australian Ballot, beginning at 10 a.m. in the Kingston Town Hall and closing at 7 p.m.. These ballots were counted on Tuesday evening and the following results were obtained:

Article 1. Leonard F. Sanborn was chosen as Moderator for the coming year. (112 write-in votes)

Article 2. Bettie C. Ouellette was chosen as Clerk for the ensuing year. (125 write-in votes)

Article 3. David G. Conant was chosen as a Member of the School Board for the ensuing three years. (291 votes; Richard W. Senter received 152 votes)

Article 4. Gertrude W. Semple was chosen as Treasurer for the ensuing year. (358 votes)

Article 7. Irving Johnson (63 write-in votes) and Harry T. Snow (61 write-in votes) were chosen as Auditors for the coming year.

The results of the balloting were read by the Moderator. A motion was made and passed that the meeting be adjourned at 8:45 p.m.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The Citizens of Kingston:

In submitting this, my first report, I shall be mostly concerned with the future.

First and foremost is the ever-present problem of increased enrollment. This is by no means a new development and certainly not unique. Nevertheless, immediate action needs to be taken or your children's future educational progress may be greatly handicapped.

Your school board and your educational needs committee have held several joint meetings and have discussed at length the many aspects of this overall problem. Such items as cost, types of construction, location, class size, curriculum, and equipment have received thorough examination. Thus, it is with serious concern and with sound judgment that this combined group is recommending to you a building. The final choice, however, is yours and I strongly urge you to accept their proposals, especially the seven-room flat roof addition plan.

Before closing, I want to commend your very capable principal and his truly outstanding staff for their sincere devotion and interest in attempting to make Bakie School the area's most outstanding one.

I wish to sincerely thank your most conscientious school board for their capable assistance and hope that as time goes by I may be of greater service to you and to them.

FRANCIS C. WILSON,
Superintendent of Schools

REPORT OF THE PRINCIPAL

Daniel J. Bakie School has a faculty totaling 132 years of teaching experience. This faculty is composed of teachers ranging in experience from one year to forty years. Each and every teacher is working together to make it possible to give each child a reasonable chance to take the responsibilities for study and learning; as well as the opportunity to reveal what they know and what they don't know. This is basic to good instruction.

At the present time, we have 2 first grades, 2 second grades, 1½ third grades, 1½ fourth grades, 1 fifth grade, 1 sixth grade, 1 seventh grade and 2 eighth grades.

Grades 1-5 are self-contained classrooms in which each teacher is responsible for teaching reading, arithmetic, language, spelling, writing and science, as well as, some physical education, music and art.

Grades 6, 7 and 8 are departmentalized. Each student, therefore has a specialist teacher in each of the subject matter fields such as mathematics, science, English and social studies. However, each homeroom teacher at present is responsible for the teaching of handwriting, spelling and physical education. New programs have been introduced to supplement the existing methods of teaching the major subjects.

In grades 1-3 the Economy Press Phonetic Keys to Reading is used to supplement the existing reading program. Through the use of this program, students will have a knowledge of the letters and their sounds before they are introduced to formal reading or pre-primer level. In addition to this auditory training, the students will also learn to apply a few simple yet powerful

phonetic principles before reading — thus, at the very outset the students will be given a basic means of attacking words independently.

In grades 4-8 the Science Research Associates Multi-level Reading Improvement Program is being used. This program is designed to emphasize comprehension, skills, test students' recognition of details and authors' main ideas. The S. R. A. program also improves the understanding of important relationships, perception of the authors' tone and purpose, application of material read and evaluation of two or more conflicting reports. Word mastery is built through students spelling a word, pronouncing it and understanding it. Students learn to use context clues — prefixes, suffixes and roots to get meanings. Work with synonyms and antonyms helps to fix shades of meaning, and exercises showing various meanings of a word introduce students to semantic variations.

As we progress through the months, the Superintendent, the School Board, the Principal, the Teachers, the Custodian, the School Nurse and School Lunch Personnel work together to provide opportunities such as those mentioned above, as well as many new methods, facilities and programs of study to provide intellectual challenges for the whole range of abilities found in a school.

In addition to the immediate school personnel, I would like to thank the P.T.A., Parents, Sanborn Seminary and other local organizations, for their willingness, and cooperation in making it possible to offer the children of Kingston many wonderful educational opportunities.

Respectfully submitted,

JOHN R. HODSDON,

Principal

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

Health Services have two major aims: Health Maintenance and Health Improvement.

School Health services cover a wide area. It takes in everything which affects the well being of the child in school.

To it belong the functions performed on health examination such as:

1. The prevention and correction of physical defects.
2. Securing the immunization of children.
3. Daily observation of children for signs of communicable disease and other adverse conditions which may arise.
4. Handling emergency illness and accidents.
5. Health Education that will lead to desirable health behavior.
6. Promoting the physical, mental and emotional health of school children and members of the school staff.

Members of the staff need the cooperation of parents if they are to fully know the child and help him perform his school work at top capacity.

A physical defect in a child can slow him down. If the condition is known to the school it would be easier to make adjustments in the program if necessary.

Health surveys are sent home periodically on certain grade levels. This survey helps keep school records up to date on pertinent facts relating to the health of the student.

Along with the facts mentioned above some of the other Nurse's services are:

Tests: Sight and hearing — Growth charts for height and weight.

Clinics (These are conducted yearly) Sight Conser-

vation, Dental, Tuberculin Patch Tests, Immunization, Pre-school.

Special Clinics: (These are arranged if recommended by the family doctor with the parents consent) Child Guidance, Orthopedic, Skin, Cardiac.

Home Visits: Home visits are made at a parent's request or when the nurse wants to consult the family regarding the student's health. Feel free to contact the nurse if there are any questions.

Health Records: Records are maintained on all children but are meaningless unless parents help with pertinent information.

My thanks to Mrs. Townes, Mrs. Clements and Mrs. Nason who do such a fine job with our well balanced and delicious hot lunches, and to Mr. Rock for keeping the building so clean.

My thanks also to the organizations and individuals who have helped with their services and financial aid.

Respectfully submitted,

SHIRLEY TOWNSEND, R. N.,
School Nurse-Teacher
